I've been pursued several times in my life, I've accepted hand in marriage too

But I wasn't so quick to say I Do, when I compared them all to you

If I settle just to get married, I'll live my life feeling blue
But you're not like the others, you're my fantasy, you are true
I do means forever, and forever is what I want
Who I want to spend my life with, is you

You don't make me feel, you have something to hide, or have someone on the side

You don't keep me in the dark, or try to find ways, to live a secret life

You don't belittle me, or criticize me, or toy with my pride

You don't blame me, for your mistakes, or make me your reason, to lie

If I settle just to get married, I'll live my life feeling blue
But you're not like the others, you're my fantasy, you are true
I do means forever, and forever is what I want
Who I want to spend my life with, is you

You're not quick to shut me up, or show anger, to silence me

You don't play with my mind, and my heart, or try to make me question, my sanity

You don't treat me like I'm crazy, when I point out signs of disloyalty

You don't make me wish for, respect, trust and loyalty

If I settle just to get married, I'll live my life feeling blue
But you're not like the others, you're my fantasy, you are true
I do means forever, and forever is what I want
Who I want to spend my life with, is you

I do means forever

And forever is what I want with you

I do means forever

And forever is what I want

With you
